SOLDIERS should not vete for D. W. Munn because he was guilty of the unsoldierlike conduct of resigning his commission in the army, in the face of a defiant enemy and coming home.

IT is reported that a couple of Cairo Radicals, actually suggested the propriety of manacling Mathew Donahue and concealing him until after the election. They feared a continued exposure of Dan Munn.

THE new Pennsylvania legislature is thus divided; Senate-Democrats, 16; Radicals, 17. House-Democrats, 44; Radicals, 56. Radical majority on joint legislature.

CHARLES FEINSE, Esq., the Demoeratic candidate for Superintendent of Public instruction, is one of the best scholars and most talented men in the Northwest, and if elected would bring about much needed reforms in our publie school system. Vote for him.

Gov. Palmer says that Gen. William B. Anderson was one of the bravest and most obedient soldiers of the war. To the interrogatory, pressed by the Radical papers: "When and where was Anderson made a General," Gov. Palmer says : "I saw him made a General on the field of battle, in the face of the enemy; and a braver man never shouldored a musket or drews

Cor. D. W. Munn, in all his life never smelled rebel gunpowder, but resigned, in the face of danger, and returned home.

THE Little Rock Gazette says : "It is now very certain that we cannot have a fair registration of the legally qualified electors of the State; and that that result is to be attributed entirely to a fraudulent and corrupt violation of the law, on the part of registrars, in refusing to register thousands of persons who are not disfranchised by any law-State or Federal.

Who knows that D. W. Munn does not to-day entertain the same sentiments?

Red Stockings vs. Mutuals. CINCINNATI, November 2.—The match game of base ball played here to-day between the Red Stockings and the Mutuals, of New York, resulted in a victory by the Reds, by a score of 23 to 7. The following is the score:

Sayder asked Col. Crebe if he was n't a Know-Nothing." The Cairo Sun says We charged that Col. Crebs was a Know-Nothing Consequently," say these reracious gentlemen, "Col. Crebs was a Know-Nothing." By the same style of reasoning, if we should sek these editors if they are horse-thieres, we would be enabled to form the conclusion that they are horsethieves. The absurdity of the conclusion would be no greater in the one case than

The Republican press of the country seems to be unanimous in its condemnation of President Grant for his shameful conduct in the case of Gen. Cox. So strongly partisan a journal as the Toledo Blade

"We are glad to note the report that the Ohio Republicans in Congress sustained Gov. Cox and disapproved the action of the President in his case. The Pennsylvania delegation is said to be responsible for the had decision made in this case. We are glad that our representatives are of nobler spirit than the low grade of poli-ticians who have managed to inflict vital injury on our cause in the Keystone State.

WHAT IS COMING NEXT! The N. Y. Tribune announces that a strong effort will be made during the coming session of Congress to increase the salaries of government officers and employes. The department clerks, it adds, make their elaims upon the fact they are largely assessed to pay campaign expenses of Congressmen. The proposition will embrace cabinet officers, judges of the supreme court, heads of bureaus and judicial officers. The government clerks are taxed not only to pay the expense of electing members of Congress, but State and local officers. Even the women employed are not spared, and protest against the injustice. The proposition now is to take money directly from the treasury to pay Republican electioneering expenses.

SPECULATIONS.

A gentleman who has traveled through fourteen counties of this Congressional district, and has narrowly watched the progress of the pending canvass, speculates as follows as to the ballot, 13, as against 23 in the last result. He says that with the exception of Pope county, he concedes all the majorities to Munn that prominent Radicals claim

COUNTIES.		MAJOR.		JOH

The Democrats of Union county claim that they will roll up a majority of 1,100 for Crebs. The Democrats of White believe they can do 100 better than that, for Crebs. If these expectations are realized, and the other figures stand good, the majority against Munn will reach 1,600.

Creb's majority......1040

Admitting, however, that all these estimates are too high and that the majorities for Munn are put down at too low a figure, we find it impossible to cypher out Munn's election without going into suppositions that will strike the intelligent reader as absurd. We can give Munn Alexander county by 200 majority, Pope county, by 400; Johnson by 500; Perry by 400; Jackson by 200; Edwards by 450; Massac by 200; Williamson by 150 and Pulaski MESSES. Crofoot, Duell, Crany and by 250 forming an aggregate majority greater by 500 votes than was received

Disction Fraud in the Fourth Con-

gossalomal District. The friends of Judge Gooding, the lately defeated Democratic candidate for Congress in the Fourth District, recently requested permission to examine the ballots of the South Precinct, at Richmond. Permission was granted them, and they found eleven more votes for Gooding than the election board that made the original count. The board was then called together again, and made a re-count, which resulted in finding a majority for Gooding.

THE Carbondale New Era says: "Jake The Democratic County to himself and satistfacorily to all con-Ticket.

WEBB, IRVIN AND GOSSMAN.

If the full Democratic strength is brought out, Alexander county will declare herself still true to her ancient faith. She has never yet faltered, but has stood steadfastly by Democratic men and measures through the adverse as well as the prosperous days of the Democratic party; and to keep her faithful it is only necessary for Democrats to turn out and vote.

On the Democratic county ticket, Hon. II. Watson Webb is a candidate for a seat in the lower house of the Legislature. His opponent is Jewett Wilcox, Esq.

Alexander H. Irvin, Esq., is the Democratic nominee for the office of Sheriff. His opponent is Mr. Martin V. Fresh Lists of Thieves and Murderers

Mr. John H. Gossman is the Democratic candidate for Coroner. His opponent is Mr. Christopher Osterloh.

Now we submit it to all sensible men Have not the Democracy presented the superior ticket? Are not the Democratic nominees better qualified to intelligently and successfully discharge the duties of the offices for which they are named than their Radical competitors.

Mr. Webb is well known as an fold and substantial citizen of Cairo; a successful lawyer; a heavy tax payer, and as a man having no interests that are not identified with those of the whole peoand is, therefore, entirely familiar with all the usages and 'parliamentary rules governing that body.

Mr. Wilcox, Mr. Webb's opponent, is s gentleman well qualified for the position he now fills, but he is utterly unfit for the official place the Radical clique of Cairo have named him for. He cannot, if elected, as Mr. Webb can, intelligently participate in the legislation rendered necessary by the adoption of the new constitution, nor can be effectively move in those matters in which his constituents will be particularly interested, except as superior minds may

We have already urged upon Demodefeat of Mr. Webb, the Democratic party will gain or lose a vote for United States

Richard Enright, supervisor First ward was arrested for robbery and held for trial in 1863 by Justice Dodge. He secured his Senator. Every Democrat should bear in mind that his individual vote may elect Mr. Webb; that Mr. Webb's vote. in the General Assembly may elect a a United States Senator, and that the vote of that United States Senator may control that important branch of the general government in the interest of the Democratic party. Too much importance cannot, therefore, be attached to a single vote, in a contest like the present, where, we candidly confess the victory is not assured to either party.

Mr. Irvin, the Democratic candidate for Sheriff, is a gentleman, of eminent qualifications, and the people know that he has discharged all the trusts they have reposed in him in a most able and satisfactory manner. He thoroughly understands all the details of the office for which he is contending, and we all know him as an honorable and obliging gentleman

We are not sufficiently acquainted with Mr. M. V. Brown, Mr. Irvin's opponent, to speak, from our own knowledge, of his qualifications; but those who have known him all his life assure us that he is a good sort of a man," but wholly unfit for the office of Sheriff. His official career, it is believed, would prove one continuous failure, and many of those who are personally his friends say it would be a kindness to him to permit him to stay at home.

The office of Coroner, for which the Democratic county convention named Mr. J. Gossman is not, of itself of much importance, but as the Coroner is, under certain circumstances, called upon to act as Sheriff, it becomes essential that we should select a man who can intelligently act in the last named capacity. John H. Gossman (or 'Henry' as he is more commonly called) and Christopher Osterloh, being pre-bis vile den.

John Lane, supervisor Twenty-second district, brother of Tom Lane. He served district, brother of Tom Lane. He served if your choice should be determined by considerations independent of politics? Certainly there is no man who, who would not say that Mr. Gossman is the superior man. He has had much experience as a police and court officer, and filled every position to which he tas been called in a manner creditable

cerned

Mr. Osterloh, Mr. Gossman's Radical opponent, is a quiet, plain, conscientious and honest citizen. He aspires to no office, and has taken no part in the canvass whatever. If he is elected he may serve, but quite sure we are that it is a matter of indifference to him, whether he is elected or defeated.

Such, reader, are the tickets, presented to the voters of Alexander county. If you place the capacity and general fitness of the candidates above political considerations, you will vote for Webb, Irvin and Gossman. They are the superior men, in point of capacity, and if elected will prove efficient, honest and obliging officers.

HONEST ELECTIONS.

Set Up in New York by President Grant.

A STRING OF PRISON BIRDS.

The desperate attempt of the administration to stifle the voice of the majority of the reople of New York in the pending election, will bring about a Democratic majority 10,000 greater than ever before thrown in the empire city.

Among other means resorted to in the hope of intimidating Democratic voters, is the appointment of hundreds of election marshals and supervisors from among the most degraded criminals, shoulder-hitters and bummers to be ple.
